

# Pasta Snake

## Steps ↓

- 1 Join two pipe cleaners together
- 2 Thread your pasta tubes onto the pipe cleaners, leaving an inch of pipe cleaner spare each end
- 3 Tie a knot in one end of the pipe cleaner
- 4 Cut out one egg cup from your egg box
- 5 Ask an adult to pierce one side of the egg cup and push the other end of the pipe cleaner through it. Tie the pipe cleaner off with a knot
- 6 Cut a 'V' shape in to one end of your ribbon to make the snake's tongue
- 7 Stick the tongue to the underside of the egg cup
- 8 Paint your snake and add some googly eyes!

## What you'll need: ✓

## Detect movement like a snake

Snakes can feel the tiniest vibrations through the ground, which helps them find their prey.

**Try this:** Two people stand behind trees 10 metres apart, so you're out of sight of one another. One person stamps the ground with their feet while the other puts their hands on the ground. Can you feel the vibrations through the earth?
