

Pinecone Mouse

Steps ↓

- 1 Take the large pinecone and cut off and shape two large scales for the ears
- 2 Paint the inner ears pink (or leave them natural)
- 3 Paint the tip of the pinecone pink to form the nose
- 4 Curl the pipe cleaner and attach it to the pinecone to make the tail
- 5 Once the paint is dry, attach the ears with glue

What you'll need: ✓

- 1 large pinecone (for ears)
- 1 small pinecone (for body)
- 1 short brown or pink pipe cleaner (for tail)
- Acrylic paint (pink)
- Small paintbrushes, glue and scissors

Did you know?

Forests make excellent homes for mice, because there are loads of nuts and berries for them to eat, and plenty of places to hide.
